

Subject: Use of Neighborhood Streets for Private Events

Greetings,

We hope your upcoming celebration is a wonderful and memorable occasion.

We are writing to clarify that any planned event must take place on private property and may not extend onto city or neighborhood streets. Our community roads are public roadways and must remain open and accessible at all times.

In accordance with the City of Sumter guidelines, we cannot approve the blocking or restriction of any portion of a public roadway, even if alternative access points are available. These requirements are in place to comply with public safety laws and fire code regulations, which ensure that emergency vehicles can reach all homes without delay.

For this reason, any activities associated with your event must be arranged in a manner that does not block, restrict, or interfere with traffic flow on neighborhood streets.

We appreciate your understanding and cooperation in helping us maintain a safe environment for all residents. If you have any questions or would like guidance on hosting your event within these guidelines, please feel free to reach out.

Sincerely,
Pocalla Springs Homeowners Association
